

Environmental Health and Other Projects

2017-2018

- Pneumatic Vent Gas Measurement

2016

- Leak Detection and Repair Baseline

2015

- Pneumatic Pump Alternatives for Cold Weather
- Heavy Oil Odour Management Technology and Best Practices
- Literature Review: Use & Environmental Impact of Amines

2009

- Mercury and Heavy Metals Project

2006

- Human Neurobehavioural Effects of H₂S (continuation/completion)

2004

- Caroline Livestock Study
- Human Neurobehavioral Effects of Hydrogen Sulfide

- The Facilitation of Sustainable, Eco-efficient and Greenhouse Gas Technologies

2003

- Solution Gas and Knock-out Liquids Characterisation

2002

- Controlled Human Exposure Studies to H₂S Investigation of Neurobehavioural Potential – API

2001

- Vent Gas Mitigation Options
